

Department of Molecular Biosciences
Spring 2009 Seminar Series

3:30 PM
Mondays
1005 Haworth Hall
Lawrence Campus

January 24
Liakhi Swint-Kruse
*Biochemistry &
Molecular Biology*
University of Kansas
Medical Center

February 9
Blake Peterson
Medicinal Chemistry
University of Kansas

February 16
Miriam Goodman
*Molecular and
Cellular Physiology*
Stanford University
School of Medicine

February 23
Justin Fey
Genetics
Washington University
School of Medicine
St. Louis, MO

March 2
John Karanickas
*Bioinformatics and
Molecular Biosciences*
University of Kansas

March 9
Wolfram Zückert
*Microbiology, Molecular
Genetics & Immunology*
University of Kansas
Medical Center

March 23
Matt Gibson
*Stowers Institute for
Medical Research*
Kansas City, MO

March 30
Kevin Gardner
Biochemistry
UT Southwestern Medical Center
Dallas, TX

April 6
Julie Zeitlinger
*Stowers Institute for
Medical Research*
Kansas City, MO

April 13
Leon Avery
Molecular Biology
UT Southwestern
Medical Center
Dallas, TX

April 20
Scott Hultgren
Molecular Microbiology
Washington University
School of Medicine
St. Louis, MO

April 27
Hiroshi Nishimune
Anatomy and Cell Biology
University of Kansas
Medical Center

May 4
Scott Clark
Cell and Molecular Biology
University of Nevada-Reno

May 11
Chang Tan
Biological Sciences
University of Missouri-
Columbia
